

# RIWAZ ACHARYA

## Frontend Developer | Incoming Electronics Engineering Student

Pokhara, Nepal | +977-9763252499 | acharyariwaz25@gmail.com | github.com/riwazzz

### PROFILE

---

Recently admitted to the B.E. Electronics Engineering program at Paschimanchal Campus (IOE), with classes yet to begin. I have hands-on experience building web and mobile projects using JavaScript, Python, React, React Native, Flutter, HTML, CSS, and Tailwind CSS, supported by backend experience with Node.js and PostgreSQL. Seeking to contribute as a volunteer Frontend Developer at COSOG Nepal by building clear, responsive, and user-focused interfaces while learning and collaborating with the team.

### TECHNICAL SKILLS

---

**Frontend:** JavaScript, HTML, CSS, React, React Native, Tailwind CSS  
**Backend & Data:** Node.js, Python, PostgreSQL, Firebase  
**Tools:** Git, GitHub, VS Code, Postman, pgAdmin, OpenCV  
**Concepts:** REST APIs, OOP, Authentication, Database Design, Computer Vision

### PROJECTS

---

- **TryOn - AI Virtual Dressing Room:** Built an interactive virtual try-on experience, combining a user-facing interface with Python and OpenCV for body-region detection, garment alignment, and clothing visualization.
- **Online Examination Management System:** Developed a multi-role examination platform with user-facing workflows for exams and administration, supported by authentication and PostgreSQL-backed REST APIs.
- **Film Production Management Platform:** Built a full-stack ERP-style platform bringing HR, CRM, finance, and production workflows into one interface, supported by scalable APIs.
- **Educational Guidebook App:** Developed a Flutter mobile app with a student-focused interface for browsing educational content and exercise solutions.

### EDUCATION

---

**Paschimanchal Campus (WRC), Institute of Engineering - Incoming B.E. Electronics Engineering Student, Expected 2030**

**SOS Hermann Gmeiner Secondary School, Gandaki** - Higher Education (+2), Science

### INTERESTS & ENGAGEMENT

---

Frontend Development • Open Source • Hackathons • Software Engineering • AI • Backend Development • Distributed Systems
